

HELP WANDA WOMAN PROTECT YOUR BABY.

**ASK ABOUT
MY NEW
WANDA COMIC!**

Get them vaccinated against
Pneumococcal (pronounced 'New-
mo-cockle') disease.

Pneumococcal can cause
Meningitis, Blood

Infections, Pneumonia
and even death.

**Speak to your doctor or
healthworker. They can help
you stop Pneumococcal and
his gang before they get started,
and keep your child healthy.**

WANDA WOMAN
is protecting children
with free vaccine*

PNEUMOCOCCAL

BLOOD POISONING

MIDDLE EAR
INFECTION

PNEUMONIA

MENINGITIS

*Vaccination is provided free of charge to eligible Indigenous children.
